SOS11GY Grey 1000lb/454kg capacity **\$349.00**

ICEMELT SPREADERS

Push Pneumatic Spreaders

- Deluxe heavy-duty industrial icemelt spreader
- Features 10" air-filled, wide sure-grip rubber tires
- Easy flow-through hole pattern
- Heavy-duty poly hopper holds up to 120lb/54kg
- Large enclosed gears are permanently lubricated
- Fingertip easy cable control
- Deluxe 2050PD model also includes extra snow cap and deflector shield

2050P Icemelt Spreader **\$ 179.00**

2050PD Deluxe Spreader* **\$ 229.00**

*Deluxe model includes snow cap to keep product dry and deflector shield to achieve spread patterns from 2-10 ft

Snow Shovels & Scrapers

This year Metro proudly welcomes its new line up of snow shovels. Metro has upgraded many of its shovels to higher grades of poly blades. The new "Orange" Nordic blade as well as the "Yellow" Alpine are made of a stronger more durable poly. The Yukon still remains Garants top of the line blade.

High-end performance

- Contains Calcium Chloride – the best Ice Melter ingredient – best combination of speed and duration in ice melting.
- Generates heat for a synergistic effect to make other ingredients perform better and improves effective temperature of Yukon Gold to - 31°C.
- Safe to use: is used extensively in the environment by highways departments for de-icing and dust control (gravel roads); is used as fertilizer in agriculture, and as a food additive – a safe and proven ingredient.

INDIGO™ soluble marker

- Environmentally inert Blue marker shows where product is applied and reduces incidence of over-application.
- Dye is water-soluble and UV sensitive dye – leaves no colour residue.

Zip-Lock re-sealable bag

- Easy re-sealing prevents spills and preserves product.

Safe to use Ice Melter

- Yukon Gold will not harm vegetation, properly air-entrained concrete or pets when used as directed. Beware of manufacturers who claim complete safety to plants. Any Ice Melter can harm plants with over application.

**Stock up Early and

Honeywell

CERAMIC HEATER

Rated 12.5amps at 120 volts, 60Hz, 5120 BTU/ 1500 watt. Heater / Fan unit. Great for offices, home, garage, sheds, maintenance shops and more. #H005120

\$42.99

Baseboard Heater \$99.99

Honeywell baseboard heater with adjustable heat thermostat. Great for large rooms. 1500w 3 Prong Plug. 120v # H005128A

Radiator Style Heater

1500w, 120v. Oil filled. 2 Heat settings. Adjustable thermostat. Auto-off up to 3 hrs. Silent *Odourless* operation # H005116 \$ 109.99

Honeywell

Parabolic Heater

2 Settings 500/1000W. auto resettable. built-in thermal cut-off w/tip over switch. Adjustable tilt and height # H005134

\$ 56.14

Digital Osc. Ceramic Heater

Mini digital tower ceramic heater. Oscillating for wide heat area. Temp set from 5-35C. 8hr timer on and off. Temp Display. Safety protection # H005130

\$59.99

Honeywell

Programmable Thermostats

PRO 4000 5-2 Day

Honeywell 5-2 Programmable Thermostat. Conventional and heat pump. Backlit Display. Precise comfort control +/- 1degF. Simplified Operation. 1 Touch temp control overrides program schedule at any time. Separately program weekday/weekend schedules

TH4110D1015 1 Heat / 1 Cool \$ 49.99

TH4210D1013 2 Heat / 1 Cool \$ 59.99

VisionPRO8000 7 Day (Touchscreen)

Honeywell 7 day Programmable Thermostat. Conventional and heat pump. Easy-to-follow menu driven programming. Large touchscreen display with backlight. Universal system compatibility works on 750millivolt, forced air hot water, steam or gravity. Change/check reminders. Precise comfort control. Real time clock. Dual powered - battery or hardwire.

TH8110U1011 1 Heat / 1 Cool \$ 139.99

TH8320U1016 Up to 3Heat / 2 Cool \$ 149.99

Honeywell

Conventional Non-Programmable Thermostats

#T822K1034 Shown

Honeywell's new Mercury Free Thermostat. Controls single stage heat only or cool only low voltage systems (24v) New style contains no mercury.

Hot Water Heating (Zone Valves)

T822K1034 10-30C, Normally Closed Zone Valves (Vertical) \$ 22.99

T822L1000 10-30C (50-90F) Normally Open Zone Valves (Vertical) \$22.99

Tip! Normally closed Zone Valves have a manual lever on the side of the valve, normally open do not!

Forced Air (Furnaces)

T822K1034 10-30C (Vertical) \$22.99

UPM Programmable Thermostats

UPM value priced programmable thermostats. Easy to program. Works on millivolt and 24v heat systems. Large backlit display. C or F display.

THM301M 5+2 Day \$ 35.99

THM302M 5+1+1 Day \$ 39.99

Zone Valve Motor

Replacement motor fits all brands of zone valves incl. Honeywell, Erie, EMC, Flair & More. 24v

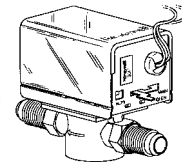

#30A118A \$ 23.99

Honeywell

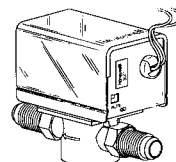

Honeywell 24V low voltage 2 position motorized zone valves. No end switch. Normally closed valves contain a manual lever for manual operation. Easy install. Other models available. Adapters sold separate.

Dafco Filtration Group

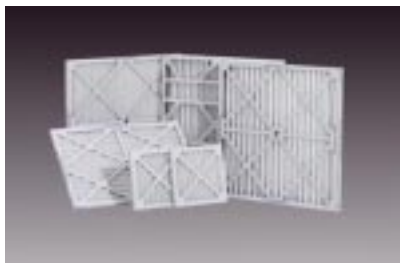

As a full line Dafco dealer Metro can supply you with any of your filter needs. Contact our sales team today for pricing and availability!

Fiberglass Throw-Away Filters

Disposable panels are constructed using a double skinned progressively dense fibreglass or 100% polyester media. Two metal grids are thermally bonded to the internal side of a heavy-duty one-piece Kraft fibreboard frame. Standard sizes are available in 1" and 2" depth. Special sizes are available in 1/2", 1", and 2" depth. Excellent for use in residential furnaces and commercial equipment. Most economical method to filter air.

Pleated Throw-Away Filters

The Areostar Pleated air filter incorporates a 100% electro statically charged media. The Series 400 filters offer mid efficiency filtration and a reasonable cost. They can be adapted to any HVAC equipment with little or no retrofitting. Typically used as a primary filter or as a pre filter to higher efficient filters. Series 400 filters are available in standard or custom sizing in 1", 2", 4" depths and in standard and high capacity models. Standard Capacity- MERV 7, High Capacity MERV 8. High initial efficiency. Low initial pressure drop. Replaces standard panel filters, media pads, and non pleated disposable filters

Flame Guard® Safety System

Recent changes in industry standards require that certain gas-fired water heaters feature Flammable Vapour Ignition Resistant (FVIR) technology, to prevent the ignition of flammable vapours. With over 4 billion hours of outstanding performance in the field and more than 800,000 installations in homes across North America, John Wood Flame Guard® safety system gas water heaters are the only Flammable Vapour Ignition Resistant (FVIR) compliant water heaters on the market with more than five years of proven technology that you can trust.
