ICEMELT SPREADERS

Push Pneumatic Spreaders

- Deluxe heavy-duty industrial icemelt spreader
- Features 10" air-filled, wide sure-grip rubber tires
- Easy flow-through hole pattern
- Heavy-duty poly hopper holds up to 120lb/54kg
- Large enclosed gears are permanently lubricated
- Fingertip easy cable control
- Deluxe 2050PD model also includes extra snow cap and deflector shield

2050P Icemelt Spreader **\$ 189.00**

2050PD Deluxe Spreader* **\$ 249.00**

*Deluxe model includes snow cap to keep product dry and deflector shield to achieve spread patterns from 2-10 ft

READY TO USE, NO ASSEMBLY REQUIRED!

Snow Shovels & Scrapers

This year Metro proudly welcomes back our line up of snow shovels. Metro has *upgraded* many of its shovels to *higher grades of poly blades*. The new "Orange" Nordic blade as well as the "Yellow" Alpine are made of a stronger more durable poly. The Yukon still remains Garant's top of the line blade.

**Our #1 Icemelter
Year after Year!**

#09002 20kg Bag \$ 19.99ea

As one of the cities largest ice melt distributors Metro offers many other ice melter products, call the order desk today if there is something specific you require!

High-end performance

- Contains Calcium Chloride – the best Ice Melter ingredient – best combination of speed and duration in ice melting.
- Generates heat for a synergistic effect to make other ingredients perform better and improves effective temperature of Yukon Gold to - 31°C.
- Safe to use: is used extensively in the environment by highways departments for de-icing and dust control (gravel roads); is used as fertilizer in agriculture, and as a food additive – a safe and proven ingredient.

INDIGO™ soluble marker

- Environmentally inert Blue marker shows where product is applied and reduces incidence of over-application.
- Dye is water-soluble and UV sensitive dye – leaves no colour residue.

Zip-Lock re-sealable bag

- Easy re-sealing prevents spills and preserves product.

Safe to use Ice Melter

- Yukon Gold will not harm vegetation, properly air-entrained concrete or pets when used as directed. Beware of manufacturers who claim complete safety to plants. Any Ice Melter can harm plants with over application.

Dafco Filtration Group

As a full line Dafco dealer Metro can supply you with any of your filter needs. Contact our sales team today for pricing and availability!

Fiberglass Throw-Away Filters

Disposable panels are constructed using a double skinned progressively dense fibreglass or 100% polyester media. Two metal grids are thermally bonded to the internal side of a heavy-duty one-piece Kraft fibreboard frame. Standard sizes are available in 1" and 2" depth. Special sizes are available in 1/2", 1", and 2" depth. Excellent for use in residential furnaces and commercial equipment. Most economical method to filter air.

Pleated Throw-Away Filters

The Areostar Pleated air filter incorporates a 100% electro statically charged media. The Series 400 filters offer mid efficiency filtration and a reasonable cost. They can be adapted to any HVAC equipment with little or no retrofitting. Typically used as a primary filter or as a pre filter to higher efficient filters. Series 400 filters are available in standard or custom sizing in 1", 2", 4" depths and in standard and high capacity models. Standard Capacity- MERV 7, High Capacity MERV 8. High initial efficiency. Low initial pressure drop. Replaces standard panel filters, media pads, and non pleated disposable filters

Flame Guard® Safety System

Recent changes in industry standards require that certain gas-fired water heaters feature Flammable Vapour Ignition Resistant (FVIR) technology, to prevent the ignition of flammable vapours. With over 4 billion hours of outstanding performance in the field and more than 800,000 installations in homes across North America, John Wood Flame Guard® safety system gas water heaters are the only Flammable Vapour Ignition Resistant (FVIR) compliant water heaters on the market with more than five years of proven technology that you can trust.

10.9oz #JIG1601S

Jig-A-Loo is a revolutionary new product that combines the power of a lubricant with the properties of a water-repellent. It's a dry silicone-based lubricant that, unlike any other lubricant, contains **no oil, grease, wax, petroleum distillates or detergent**, so it **doesn't stain or stink**. It stops squeaks, un-sticks just about anything, protects against rust, and is an exceptional water repellent.
